Your coins can be a part of Auctions by Bowers and Merena, Inc. 1996 Star-Studded Auction Program

We invite you to become a part of our spectacular 1996 auction season! When it comes time to sell, you deserve the best—Auctions by Bowers and Merena, Inc. Whether your collection is worth several thousand dollars or millions of dollars, we can realize the highest possible market price for you! What other auction houses claim to do, Auctions by Bowers and Merena has already done—and has the records to prove it!

An Unsurpassed Record of Auction Success!

Of the three largest collections of United States coins sold at auction, we have handled all three.

- The \$25 million Garrett Collection
- The \$20 million Norweb Collection
- The \$12.4 Eliasberg Collection of U.S. Gold Coins
- And—to add to this impressive list—coming up in 1996 will be the Louis E. Eliasberg, Sr. Collection.

It is also significant to note that the New York Public Library selected us to auction their important reference collection of rare coins. Similarly, the Morgan Guaranty Trust Company, one of New York City's largest and most respected banks, selected us to handle rarities from the Virgil Brand Collection entrusted to them. And we have worked with many additional

leading institutions including the Connecticut Historical Society, The Johns Hopkins University, The Massachusetts Historical Society, the Springfield Museum and Historical Association, and more in the sale of their coin collections.

More American Numismatic Association presidents have consigned their collections to us than to any other firm. As well as celebrities like Chris Schekel, Danny Arnold, and more.

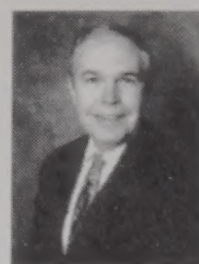

Here at Bowers and Merena we believe in doing things right. Perhaps this is one reason that our publications have earned more Numismatic Literary Guild awards than have those of all of our competitors combined.

When you consign to Bowers and Merena, you consign to the most successful rare coin auction firm in American numismatic history!

Let our record of success be your record of success, too! Call Dr. Richard A. Bagg (our Director of Auctions) or Dave Bowers today (1-800-458-4646) to include your coins, sets or important individual pieces in our magnificent 1996 auction program. Just by picking up the phone, you will be on your way to receiving a generous check!

\$100,000 EVERY 4 HOURS & 45 MINUTES!

THAT'S HOW MUCH MONEY THE KING OF CASH SPENT IN 1995! DID YOU GET YOUR SHARE?

Spectrum Numismatics International, the buyers of the 1913 Liberty Nickel and the King of Siam Proof Set, spent \$42,347,978 purchasing rare coins in 1995.

As you can see, Spectrum has a huge appetite for rare coins. There were 251 working days in 1995. If you figure a work day at 8 hours, that means, Spectrum spent \$100,000 every 4 hours and 45 minutes! Spectrum needs to buy *your* coins and is willing to pay *absolute top dollar*.

IF YOU WANT TO GET THE MOST MONEY FOR YOUR COINS... GO DIRECTLY TO THE SOURCE.

The amazing thing about the \$42,347,978 worth of rare coins that Spectrum purchased in 1995, is that only \$1,693,919 were purchased directly from the public. If you want to sell coins to the *ultimate buyer*, if you want to get as much money as possible for your coins, then shouldn't you go directly to the source? Shouldn't you go directly to the **King of Cash**?

WHAT KIND OF COINS CAN YOU SELL TO THE KING OF CASH?

Spectrum paid \$962,500 for the 1913 Liberty Nickel. And they paid \$1,815,000 for the King of Siam Proof Set. But the facts are that 91% of Spectrum's purchases are for coins less than \$5,000. And 18% of Spectrum's purchases are for coins less than \$200.

While Spectrum is the nation's top dollar buyer of ultra rare United States coins, Spectrum is also the major buyer for moderately priced United States numismatic coins. Here's a short list of some of the items that **King of Cash** is currently interested in buying: Original BU bags of Morgan/Peace dollars, BU rolls of Walking Liberty 50C and Mercury dimes, ALL BU gold coins, pre-1916 Type coins in all grades, pre-1943 Proof coins and sets, and especially **COMPLETE COLLECTIONS!**

HOW TO CASH IN

If you've decided that you want to trade all or some of your coins for cash, you should know that it's really easy to do business with Spectrum. If you have rare coins for sale and you want to sell them for as much money as possible, then all you have to do is pick up the phone any weekday between 9:00 am and 5:00 pm California time and call the Spectrum cash line 714-955-1250 *collect*. Ask for Greg, Thad or Kerry and tell them you have coins for sale. **TELL THEM YOU WANT TO TALK TO THE KING OF CASH.**

USING YOUR 1996 NUMISMATIC DEALER DIRECTORY

Your **1996 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (CAPITALIZED listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *I-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the first name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **1996 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **1996 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **1996 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **1996 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **1996 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **1996 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is **not** an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

There's only one...

There's only one Steve...

There's only one Steve Ivy, and as one of America's most respected numismatists, he is easy to find - on the bourse or at Heritage. But when you need to mail to him as well as the more than 5,000 other numismatists in America, you will quickly discover that

There's only one source...

There's only one source for the most complete, most accurate, and most up-to-date listing of dealers in America, and that's the 1996 Numismatic Dealer Directory. Our current NDD list is available for rental, and at only \$325, is well below the price normally charged for specialized lists. When you want to mail to every dealer in the NDD (or just the dealers in California, or the Mid-Atlantic states), you will soon discover that

There's only one practical way to mail...

There's only one practical way to mail to every dealer in the NDD, and that's to buy labels from the source. Why? We know how long it takes to type 5,000+ labels, but even more important, our labels will be up-to-date. We know how many changes occur *after* the NDD is printed, because we update our database every day! You want your mailing to be delivered, because returned mail generates no profits. And you can choose between First-Class and Third-Class mailing rates. Contact us for details.

NEW CDN GRAPH BOOKS!

The *CDN* family of publications is pleased to introduce the first two publications in our **CDN GRAPHS** series. Dealers are already telling us how useful these reference works are in their selling efforts, and collector interest has been gratifying.

CDN GRAPHS: GOLD TYPE provides time-line graphs of Bid levels for the U.S. Gold Types from 1980-to-1995. Graphs cover the Types as listed on the Front Page of the weekly *CDN*:

CDN GRAPHS: SILVER COMMEMORATIVES provides time-line graphs, from 1980-to-1995 of Bid levels for the classic Silver Commemoratives as found on Page 2. Listing all the issues we graph, from the Isabella to York, would take this entire page! All these Individual Types, as well as the PDS Trios — and the graphs cover the grades XF/AU, MS60, MS63, MS64 & MS65.

The Tenth Anniversary of the solution

...or how One Fairy Tale Came True

As PCGS celebrates its 10 Year Anniversary, the story of how PCGS began may sound like a fairy tale.

But those who are familiar with the rare coin market before 1986 can tell you this story is very real.

ONCE UPON A TIME, FOUR PROFESSIONAL NUMISMATISTS MET IN A CRAMPED HOTEL ROOM AFTER ANOTHER LONG DAY AT A COIN CONVENTION.

"Wouldn't it be great if almost every dealer and collector could agree rather than disagree about grading," Gordon said. "Imagine spending your time doing business rather than bickering."

"That is a fairy tale, indeed," said J.D., "but while we're in fantasy land how would you like to find some way where you didn't have to look at every coin three times to make certain it hadn't been repaired or recolored? It's especially tough in coin show lights."

"You might as well ask that someone come along and give you a lifetime guarantee of grade and authenticity," Bruce quipped.

"Yeah, well how about this one," Gordon said, "how about a holder that doesn't cause that green stuff to start creeping all over the coin. A lot of coins feel like they're made out of used chewing gum or something they're so sticky with that stuff."

"Wait," said J. D., warming to the fantasy, "how about a network of over 500 dealers where you could buy and sell coins sight unseen if necessary. Imagine those bid and ask prices really meaning something."

"The next thing you're going to say is that someone devises a Customer Bill of Rights and consumer protection reaches an all-time high," Bruce said, less cynical now.

"You know," David said, "this gives me an idea. Let's order some room service and talk about it."

And the rest, as they say, is history.

In an effort to meet the needs of the numismatic community, these experts created the Professional Coin Grading Service (PCGS) and the rare coin industry was changed...forever.

The Rare Coin Revolution

When PCGS opened its doors for business on February 3, 1986, it became the first third party grading service of its kind.

Within the first hour, the first coin was graded and encapsulated in a protective, tamper-evident holder invented by PCGS. The Rare Coin Revolution had begun.

A Decade of Customer Satisfaction

Today, thanks to your overwhelming acceptance and support, PCGS is celebrating its 10th anniversary. To date, PCGS has graded 4,222,980 coins with a declared value of \$5,792,106,755. A network of 865 authorized dealers supports the PCGS concept.

But sheer numbers don't tell the whole story. More dealers, collectors, and investors buy and sell PCGS-graded coins for a reason.

The PCGS Advantage

Precision third party grading, the PCGS Guarantee of Grade and Authenticity, and consumer protection are some of the advantages that have made PCGS the grading service of choice for the majority of the marketplace.

Since PCGS upholds the highest quality standards in the industry, our clients are assured of grading integrity that they can bank on, coin after coin and year after year.

The Sincerest Form of Flattery

From the beginning, PCGS found immediate success in creating a level playing field where consumers could participate in the coin market with new confidence. PCGS was so successful that other grading services soon began patterning themselves after the PCGS concept. But none can offer the overall value inherent in the PCGS product.

Thanks to You

As PCGS focuses on our 10 Year Anniversary in 1996, we would like to express our appreciation to those in the numismatic community who have helped us attain our success.

We have worked very hard to earn your loyalty and respect. We are committed to providing our valued clients with uncompromising quality and the highest industry standards for many years to come.

If you're interested in learning more about the PCGS story call (800) 447-8848 and ask for a 10 Year Anniversary kit.

the COIN DEALER Newsletter family of publications

Certified Coin Dealer newsletter

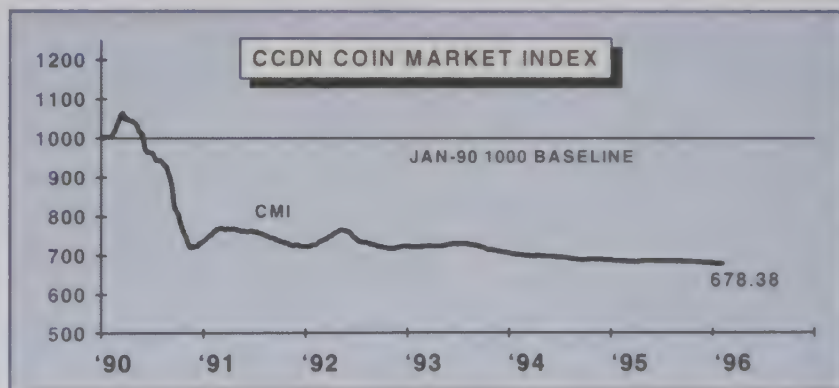

The **Certified Coin Dealer newsletter** ("Bluesheet"), published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the "**Bluesheet**" reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDn** also contains the **Asksheet** listings - at no extra charge!

Over the past ten years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable price

movements, attracting a new generation of collectors. As our **CCDn CMI** (a weekly **Bluesheet** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The **Bluesheet** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the **Bluesheet** now!

The Tenth Anniversary of the solution

...or how One Fairy Tale Came True

As PCGS celebrates its 10 Year Anniversary, the story of how PCGS began may sound like a fairy tale.

But those who are familiar with the rare coin market before 1986 can tell you this story is very real.

ONCE UPON A TIME, FOUR PROFESSIONAL NUMISMATISTS MET IN A CRAMPED HOTEL ROOM AFTER ANOTHER LONG DAY AT A COIN CONVENTION.

"Wouldn't it be great if almost every dealer and collector could agree rather than disagree about grading," Gordon said. "Imagine spending your time doing business rather than bickering."

"That is a fairy tale, indeed," said J.D., "but while we're in fantasy land how would you like to find some way where you didn't have to look at every coin three times to make certain it hadn't been repaired or recolored? It's especially tough in coin show lights."

"You might as well ask that someone come along and give you a lifetime guarantee of grade and authenticity," Bruce quipped.

"Yeah, well how about this one," Gordon said, "how about a holder that doesn't cause that green stuff to start creeping all over the coin. A lot of coins feel like they're made out of used chewing gum or something they're so sticky with that stuff."

"Wait," said J. D., warming to the fantasy, "how about a network of over 500 dealers where you could buy and sell coins sight unseen if necessary. Imagine those bid and ask prices really meaning something."

"The next thing you're going to say is that someone devises a Customer Bill of Rights and consumer protection reaches an all-time high," Bruce said, less cynical now.

"You know," David said, "this gives me an idea. Let's order some room service and talk about it."

And the rest, as they say, is history.

In an effort to meet the needs of the numismatic community, these experts created the **Professional Coin Grading Service (PCGS)** and the rare coin industry was changed...forever.

The Rare Coin Revolution

When PCGS opened its doors for business on February 3, 1986, it became the first third party grading service of its kind.

Within the first hour, the first coin was graded and encapsulated in a protective, tamper-evident holder invented by PCGS. The Rare Coin Revolution had begun.

A Decade of Customer Satisfaction

Today, thanks to your overwhelming acceptance and support, PCGS is celebrating its 10th anniversary. To date, PCGS has graded 4,222,980 coins with a declared value of \$5,792,106,755. A network of 865 authorized dealers supports the PCGS concept.

But sheer numbers don't tell the whole story. More dealers, collectors, and investors buy and sell PCGS-graded coins for a reason.

The PCGS Advantage

Precision third party grading, the PCGS Guarantee of Grade and Authenticity, and consumer protection are some of the advantages that have made PCGS the grading service of choice for the majority of the marketplace.

Since PCGS upholds the highest quality standards in the industry, our clients are assured of grading integrity that they can bank on, coin after coin and year after year.

The Sincerest Form of Flattery

From the beginning, PCGS found immediate success in creating a level playing field where consumers could participate in the coin market with new confidence. PCGS was so successful that other grading services soon began patterning themselves after the PCGS concept. But none can offer the overall value inherent in the PCGS product.

Thanks to You

As PCGS focuses on our 10 Year Anniversary in 1996, we would like to express our appreciation to those in the numismatic community who have helped us attain our success.

We have worked very hard to earn your loyalty and respect. We are committed to providing our valued clients with uncompromising quality and the highest industry standards for many years to come.

If you're interested in learning more about the PCGS story call (800) 447-8848 and ask for a 10 Year Anniversary kit.

The P C I Capsule . . .

✓ \$750 PER COIN

✓ 6-DAY SERVICE

*Tells why more people
are turning to P C I*

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic." We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5+, & 6 steps for Jefferson nickels, DM (deep mirror), DMPL (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute PQ (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.)

☐ PCI offers the most affordable rates of any "third party grading service" — and we provide the fastest turnaround time of any grading service . . . for the applicable fee of \$750 per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customers, and our service is backed by our guarantees!

☐ As a special bonus — PCI provides a FREE storage box when twenty (20) coins are submitted. (\$5 charge for storage box on orders containing less than 20.)

After our 6th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service . . . guaranteed!!

The Coin Dealer Newsletter

has been serving dealers for (please check):

___ 33 Years
___ 20 Years
___ 5 Years

If you checked all three choices, you are correct. The *Greysheet*, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the *Greysheet* is more than just the weekly CDN. The **CDN Monthly Supplement** has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the **CDN Quarterly** now brings CDN subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent, unbiased* attention, all so that you can make informed buying and selling decisions.

Not all coin dealers are alike. Some are small . . . some are large. We are one of the largest in the United States, serving both retail and wholesale since 1969. Some companies deal only in U.S. coins . . . others in world coins. We deal in both plus U. S. Currency, Antique Pocket Watches Jewelry, etc.

Every Numismatic Library needs
copies of the latest addition to the
COIN DEALER newsletter
family of publications:

the Backsheet

Now that we have your attention, we really haven't started an additional newsletter — but your library should include **Back Issues** of our publications. Back issues are available two ways:

You can purchase small quantities to fill in missing issues, to obtain articles necessary for your research, or to follow your special interests. You may also combine your order for back issues of any of our publications to obtain the lowest price:

1-10 issues - \$2.50 each • 11-25 issues - \$2.00 each • 26 & over - \$1.50 each

Or, you can purchase **complete sets** of back issues for really dramatic savings:

Complete set of the weekly **Coin Dealer newsletter** (*Greysheet*)
from June 14, 1963 to December 22, 1995, now includes 1659 issues.
At \$1.50 each this would normally cost \$2488.50, but a complete set is only ... \$1625.

Complete set of the monthly **CDN Monthly Supplement** (formerly called the
Monthly Summary) from August 1976 to December 1995, now includes
232 issues. At \$1.50 each this would normally cost \$348, but
a complete set is only \$225.

Complete set of the **CDN Quarterlies**
from January 1992, to December 1995, now includes 48 issues.
a complete set is only \$30.

Combined weekly **CDN, Monthly Supplement & Quarterlies**
now includes 1939 issues, and extra savings at only \$1750.

Complete set of the weekly **Certified Coin Dealer newsletter** (*Bluesheet*)
from August 22, 1986 to December 22, 1995, now includes 476 issues.
At \$1.50 each this would normally cost \$714, but a complete set is only \$400.

Complete set of the monthly **Currency Dealer newsletter** (*Greensheet*)
from September 1980 to December 1995, now includes 184 issues.
At \$1.50 each this would normally cost \$276, but a complete set is only \$175.

For the most complete numismatic pricing library possible, you may order a
COMPLETE set of all of the Back Issues listed above for only **\$2250**.

There is a Multitude of Dealers To Choose from when Selling...

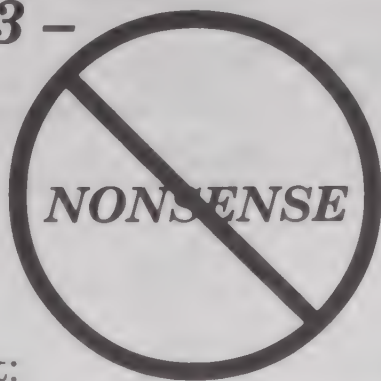

...But one stands out from the others For Three Very Good Reasons.

Reason #1 – Competitive prices consistently paid on all grades and types of U.S. Gold as well as a wide variety of Non-Gold U.S. Coinage.

Reason #2 – Commitment to providing the ultimate in service. Your business, large or small, is our first priority. While some prefer to talk, we'd rather listen. Tell us what your requirements are, and we will always endeavor to go one step beyond them to achieve your total satisfaction.

Reason #3 –

We believe it is important to know and trust those with whom you choose to do business. If you've never done business with us before, give us a try. Our many satisfied customers have discovered why the not so obvious choice has become the best choice the informed dealer, collector, or investor can make when selling.
